SUBJECT: **GALLOWAY, Thomas Christopher**
Docket No.: 5:15CR00175
EARLY TERMINATION REQUEST
TO: Honorable Terrence W. Boyle
U.S. District Judge

On March 02, 2016, the above named was placed on probation for a period of 36 months.

On March 9, 2018, a violation report was submitted to the court due to the defendant's failing to pay restitution. The court agreed to continue supervision at that time.

On or about March 26, 2018, the defendant suffered a major stroke and has been hospitalized at Cape Fear Valley Medical Center since that time. Per the physicians' notes forwarded by his case worker, the defendant's prognosis is not good, and he will require long term care for the foreseeable future. As a result, we are asking that the court consider terminating the defendant's supervision early.

The defendant has been compliant with the conditions of his supervision, aside from his inability to pay restitution. At this time, the defendant has been unable to pay anything toward the restitution, leaving the full balance of \$16,322.75, outstanding. Should the defendant's ability to pay change, the U.S. Attorney's Office may seek to recoup the restitution owed by any means they deem appropriate.

Assistant U.S. Attorney Felice Corpening has been briefed on this matter, and indicated that her office has no objection to early termination.

Should the court have any questions regarding this case, please feel free to contact me at (910)483-8163.
